

Internal Directive of the Dean of the Faculty of Environmental Technology University of Chemistry and Technology, Prague	
Title	Ref: 113/251/2022 of 21. 6. 2022
Subject	Requirements for publication activity of students of doctoral study programmes
Scope	Faculty of Environmental Technology, University of Chemistry and Technology, Prague
Effective from	1. 9. 2023
Effective to	undetermined
Prepared by	doc. Ing. Tomáš Hlinčík, Ph.D., Vice Dean for Research and Development
Issued by	prof. Ing. Pavel Jeníček, CSc., Dean

Effective from September 1, 2023, a student of a doctoral study programme (DSP) must fulfil the following publication requirements before defending his/her dissertation:

- authorship of at least two scientific papers published in journals registered in the Web of Science or Scopus databases,
- at least one of them must be published in a journal that is registered in the Web of Science database,
- The DSP student must be the first author of at least one of these publications,
- the publication activity of the DSP student is documented by a record in the relevant information system of the VŠCHT.

Prague, 21 June 2022

prof. Ing. Pavel Jeníček, CSc.
Dean
