

Adding courses to your ISP

Log in to SIS and choose the module e-PhD student. This will open your ISP plan in the Proposal state. Here are pre-filled data such as name, SAB chairman, supervisor, plan status and Dissertation.

Under the section "**List of duties**" there is a button **add course**

The screenshot shows a web interface with three main sections. The first section is titled "List of duties" and contains the text "* no data found". Below this is a section with two radio buttons: "add" (selected) and "course description". The third section is titled "Uploaded files to the ISP" and also contains the text "* no data found". The fourth section is titled "Student action:" and contains a dropdown menu with a downward arrow and a "Go" button.

Clicking on the add button will open a new window. At the bottom there is a "**Edit the duty**" section.

The screenshot shows a form titled "Edit the duty". It contains a text input field for "Course code:" with a magnifying glass icon and a red 'X' icon. Below this is a dropdown menu for "Academic year:". Underneath is a "Semester:" section with four radio buttons: "none" (selected), "winter", "summer", and "both". At the bottom are two buttons: "Save" and "Do NOT save and go back".

After clicking on the blue magnifying glass, another window will open that will allow you to search for the courses by various parameters. You can search directly by code or by Department/Name.

The screenshot shows a browser window titled "SIS Educational Info System - Pracovní - Microsoft Edge". The address bar shows the URL "https://student.vscst.cz/eng/lib/dialog_predmet.php?id=74c4b47...". The main content area is titled "Searching:Course code" and contains a form with the following fields: "Faculty:" (dropdown menu showing "Faculty of Chemical Technology"), "Department:" (dropdown menu showing "---"), "Name:" (text input field), and "Code:" (text input field). At the bottom is a "Search" button.

To search for a course, enter the correct combination of faculty and department, or just the faculty. Courses from VSČHT begin with the letter P, or AP for courses in English. Courses from other universities / institutes may also begin with a different letter. To select a subject, click on the green arrow on the left side.

Searching:Course code

Faculty:

Department:

Name:

Code:

Code	Name	Department	Faculty
AB111002	Catalysis	111	FCHT
AB111003	Environmental Protection Processes	111	FCHT
AB111012	Engineering in the Pharmaceutical Industry	111	FCHT
AM111002	Fine Chemicals	111	FCHT
AM111004	Organic Technology	111	FCHT
AM111008	Technical Catalysis	111	FCHT
AM111010	Carbonaceous raw material for chemical and pharmaceutical industry	111	FCHT
AM111014	Engineering in Chemical and Pharmaceutical Processes	111	FCHT
AP111001	Applied Catalysis II	111	FCHT
AP111002	Texture Properties of Porous Media (Solids)	111	FCHT
AP111003	Disordered materials: Microstructure and transport properties	111	FCHT
AP111004	Unit Operations of Solid Dosage Form Manufacturing	111	FCHT
AP111005	Reactor Engineering	111	FCHT
AP111006	Organic Technology for PhD students	111	FCHT

In the case of a course from another university, it is necessary to choose the University of Chemistry and Technology in Prague as the Faculty and then choose from the **Department**.

Searching:Course code

Faculty:

Department:

Name:

Code:

Department of Scientific Research and Development (965)
 Department of Education (963)
 University Centre UCT Prague - Unipetrol (504)
 Ghent University, Belgium (I001)
 Delft University of Technology, Netherlands (I002)
 CTU in Prague, Faculty of Information Technology (500)
 University of Montpellier (I003)
 Université Toulouse III Paul Sabatier (I004)
 Nova University Lisbon (I005)
 University of Zaragoza (I006)
 University of Twente (I007)
 The Academy of Performing Arts in Prague (064)
 Slovak University of Technology in Bratislava (I020)
 Department of Lifelong Learning (953)
 IHE Delft Institute for Water Education (I021)
 University of Oviedo (I029)
 Åbo Akademi University (I030)

After selecting the course, you will return to the original page, where you can select a **Semester** and **Save the course**.

Edit the duty

* Course code: Organic Technology for PhD students  

Academic year: 

Semester: ☒ none ☐ winter ☐ summer ☐ both

If a course from another university or institute is not in the list, use the **add course description** button

 **List of duties**

* no data found

 **add** ☐ course ☒ **course description**

Fill in the **Course title** and enter a **Refinement of duty** and add a link to the course.

Edit the duty

* Course title:

Refinement of duty:

Max length 2500 characters, typed 0, 2500 remaining.

Academic year:

Semester: ☒ none ☐ winter ☐ summer ☐ both

Choose the subjects according to your DSP and then **forward the plan to the supervisor**.

 **Student action:**

 **Go**

forward the plan to the supervisor [oddělení \(stu...](#)
